Associate of Arts— General Studies

The Associate of Arts in General Studies is a degree for special populations and includes the following course requirements. Refer to

e eef fer r er e

Students have the option to qualify and compete for contracting as a cadet in ROTC to become eligible to commission as an officer in the U.S. Army after selection and completion of an undergraduate degree.

Students who enroll in any military science course incur no military obligation. Basic level courses are conducted in the same manner as are other courses taught at the University.

Students entering into the advance course must be of high moral character and meet required medical, aptitude, and GPA requirements. In addition, if contracted as a cadet, students must sign an agreement to fulfill any obligations and a military service requirement in either the Reserve Component, or Active Army upon completion of ROTC and graduation from Murray State. This will not be valid if a cadet is disqualified, disenrolled, or not selected for commissioning as an officer; however, some obligations may remain.
